Depok, Indonesia

I am a Computer Science graduate from Universitas Indraprasta PGRI, passionate about technology and eager to grow as a Software Engineer. I continuously enhance my coding skills, embrace challenges, and learn from failures. I am committed to developing my career by following the right direction and guidance.

## Activities and Project

**Coffe Shop Website - Jakarta, Indonesia** Mar 2023 - Apr 2023

Front End Developer

College Project

- Developed a simple coffee shop website as a group project using HTML , CSS & Javascript. Responsible for structuring product pages, adding navigation menus, and optimizing UI for a better user experience.

**Portfolio Website - Depok, Indonesia** Aug 2023 - Sep 2023

Front End Developer

Personal Project

- Designed and developed a personal portfolio website using HTML and CSS. Implemented a responsive layout and deployed the project online.

**Website with canva** Jun 2024

Designer

Online shop with canva

- Designed an online shop using Canva, including visual elements like banners, layouts, and promotional materials. Ensured a professional and appealing store layout for better branding.
